ADVANCED MECHANICAL PROTECTION

## 11-644

Medium Duty Gloves with  
INTERCEPT™ Technology and  
an Ergonomic Design

Medium Duty

Cut-Protection

## Safety, durability and comfort combined

No other glove offers the dynamic mix of protection, durability and comfort of the HyFlex® 11-644 glove. The ANSI Level 2 cut protection and lightweight ergonomic fit strike the perfect balance of protection and precision when working with small, sharp parts.

The HyFlex® 11-644 glove with INTERCEPT™ Cut Resistance Technology is an effective way to decrease injury expenses without reducing productivity or quality. That's because it combines superior cut protection, abrasion resistance, grip, tactility and dexterity in a comfortable glove your workers are more likely to wear.

### Industries

- Aerospace
- Automotive
- Construction
- Electronics & Electrical
- Glass Production
- Metal Fabrication
- Paper Manufacturing
- Plastic & Rubber Manufacturing
- Public Utilities
- Tier One
- Transport
- White/Durable Goods

### Applications

- Final & sub-assembly areas when handling metal components
- Forming, machining & bending small parts
- Glass handling & installations
- Small part stamping
- Wiring

#### Performance Profile

##### Superior Cut Protection

INTERCEPT™ Cut Resistance Technology combines a proprietary blend of high performance polyethylene into differentiated engineered yarn for ANSI Level 2 cut protection.

##### Extended Wear Life

Polyurethane coating provides ANSI Level 5 abrasion protection and excellent resistance to tears. Tough coating provides a sure grip in light oil and dry applications. Grey palm color hides soil.

##### All Day Comfort

Glove molds naturally to the hand and is soft and cool to the skin for all day comfort.

##### Dexterity

The exceptional precision, dexterity and flexibility when handling small, sharp parts increases worker confidence while on the job.

#### Key Features

##### INTERCEPT™ Cut Resistance

##### Technology with Ergonomic Design

Enhanced cut protection, wear life and comfort with a high level of dexterity.

##### Polyurethane Coating

High dexterity with longer wear due to low palm weight and excellent abrasion resistance.

##### Durable and Launderable

Minimal shrinkage and excellent recovery after laundering extends glove life for reduced total cost of ownership.

##### Sizing

Available in a broad range of sizes to fit all workers from 5-12.

#### Performance Standards

#### Featured Technologies

**INTERCEPT™**
