

High-Visibility Cut Resistant Gloves with Impact

DESCRIPTION

These 13-gauge cut and impact resistant gloves feature a high-visibility yellow Tuffalene® shell and orange Mach Finish nitrile palm dipped. The back of the hand and fingers has TPU impact protection and the reinforced thumb crotch and padded palm help extend the life of the glove.

INDUSTRY

Oil & Gas	Construction
Automotive	Maintenance
Petro-Chemical	Warehouse
Utilities	Agriculture

FEATURES

- Tuffalene UHMWPE shell is comfortable and dextrous
- Mach Finish nitrile palm is excellent for grip in wet and oily situations as well as abrasion resistance
- TPU impact protection is a flexible safeguard
- Hook & loop closure prevents gloves from slipping off while working
- Reinforced thumb crotch increases wear resistance
- Padded palm provides added protection against vibration, punctures and impact
